In the middle ground, there are several large, leafy green bushes. In the background, there is a light-colored building with several arched openings. The scene is framed by large, thick tree branches and dense foliage, with sunlight filtering through the leaves, creating a dappled light effect.

Nestled in our historic neighborhood of Palm Grove lies a hidden gem: Morningside K-8 Academy.

Most people don't know that Morningside K-8 Academy is now one of the top-performing magnet public schools in Miami's upper east side. As of 2018, Morningside K-8 Academy grew to become a B-rated school (just 1 point shy of being A rated) in large part thanks to our dedicated teaching staff, hard-working students and our rigorous academic program.

In spite of our high performance, Morningside remains a Title I school, with most of our students coming from low-income families. We want to eliminate the barriers and pave a clear path to success for our students.

We all want the best for our community and helping sustain the tremendous growth and achievement of Morningside K-8 Academy will benefit everyone. Helping Morningside reach its potential is helping shape the very future of our historic community.

At Morningside K-8 Academy, we are also dedicated to helping our local community thrive which is why we are pleased to announce we are now offering key partnerships to select local businesses.
